### **Heart of America Expo Show Ring Policy and Code of Ethics**

Heart of America Expo endorses the PDCA Code of Ethics and will give full cooperative support to the judges and the respective National Breed Associations to keep the show procedures within these guidelines. It is recognized there are certain practices in the proper care and management of dairy cattle that are necessary in the course of moving dairy cattle to and between shows that are advisable to keep them in a sound, healthy condition so they might be presented in the show ring in a natural, normal condition.

To detect any unethical procedures, show management will use technologies for testing animal body fluids or tissues and examination techniques, such as ultrasound. An exhibitor, by making an entry, is consenting to the collection of materials, e.g. milk, blood, hair etc., photographic or direct examination, at any time the animal is on the grounds. Furthermore, by making an entry, the owner and/or exhibitor, as well as any individual handling or fitting their animal, is agreeing to supply proper animal and personal identification when asked by ethics personnel or show management.

Extra label use of all drugs must be used under the direction of a licensed veterinarian. Evidence of the same shall be provided in writing if requested.

The following are examples of practices or procedures that are considered violations of the Policy and Code of Ethics, these include but are not limited to:

1. Misrepresenting the age, lineage/breed and/or milking status of the animal for the class in which it is entered.
2. Treating an animal, particularly the udder, without a verifiable veterinary need for that treatment, internally or externally, for the purpose of improving the appearance.
3. Using a device to artificially create or enhance the udder crease.  
Note: Ice may be used on an animal if it is contained in a plastic bag.
4. Administering an injected or applied anesthetic to alter the carriage of the tail or other body parts.
5. Surgically or unethically inserting of any matter under the skin or into any body cavity to change the natural contour or appearance of the animal's body is prohibited and is a violation of the HOA Code of Ethics. Except that after 12 a.m. on show day, no administration of fluids by stomach tube or other device unless performed under the supervision of the Veterinarian on call for medical treatment.
6. Criticizing or interfering with the judge, show management or other exhibitors while in the show ring or other conduct detrimental to the breed or the show.
7. Challenging, threatening, criticizing or interfering with an ethics committee member or volunteer appointed by show management to monitor the animals on exhibit on the show grounds.
8. Failing to provide proper/accurate animal and/or personal identification when asked by ethics personnel or Show Management.

9. Adding real or artificial hair or hair like substances to any part of the animal, except for false switches.
10. Excessive manipulation of topline and/or tail head hair beyond 1 1/2 inches from the skin. Exhibitors have only one opportunity per show to check-in ringside.
11. Changing the natural color of the animal is prohibited. However, external applications of cosmetics that affect only appearance may be used, including by way of example color touch up of a maximum of 4" on either side of the topline, hoof polishes and false switches.
12. Mistreatment of an animal
13. Unsportsmanlike conduct on the part of showmen.
14. Improper filling practices, such as over filling and over bagging.

Unethical practices or procedures not listed above are subject to review by the Ethics Committee, Show Superintendent and Heart of America Show Management to determine whether any disciplinary action is necessary.

#### **Other Brown Swiss Definitions and Special Rules**

- A. As outlined in the PDCA Show Ring Code of Ethics, if a National Show judge should bring to the attention of Brown Swiss Association staff possible unethical practices related to Brown Swiss cattle exhibited at a National Show, Brown Swiss Association staff will consult with Show Management as to the proper steps to be taken.
- B. Any animal sold or exhibited as registered by the Brown Swiss Cattle Breeders Association can be blood/DNA typed at the discretion of the Executive Secretary. All expenses to be paid by Brown Swiss Cattle Breeders Association.
- C. Animals eligible to be shown at the National Brown Swiss show will have the following registration certificates. Standard Registration Certificate which is white with a green border is issued for Registered Brown Swiss Females and Certified Identity Enrolled Females (CIE). Brown Swiss Step II Identity Enrollment (IE) animals have a green registration paper with black border may also be shown. Animals with other colored papers cannot be shown.

#### **Enforcement Procedures**

1. An Ethics Committee which will include an Ethics Coordinator, an Ethics Veterinarian and assistants, appointed by Heart of America Expo management, will be on duty at Heart of America Expo.
2. The Ethics Committee will be responsible for monitoring violations of the Show Ring Code of Ethics by exhibitors and their representatives.
3. To the extent reasonably possible, the identity of the animal, the owner and/or other involved parties will be kept confidential.
4. Complaints of alleged violations may be presented to the Show Superintendent, Heart of America members and/or the ethics committee.
5. All complaints of alleged violations received by the above individuals will be presented to the Ethics Coordinator to determine investigative requirements.
6. All findings found by the Ethics Committee will be presented to the Ethics Coordinator.
7. The Ethics Committee will have the authority to inspect all animals to determine if violations of the Show Ring Code of Ethics have occurred. To help in this regard the Ethics Committee does have the authority to perform the following:
  - a. pull hair samples;
  - b. draw blood samples;
  - c. an ultrasound examination of the udder, prior to milkout;
  - d. a milkout of any individual cow or cows and/or
  - e. collect and test any of the animal's body fluids;
  - f. use any technology that may be useful in determining if a violation has occurred in any animal based on placement, random selection or suspect characteristics;
  - g. the ethics committee may, at any time, require the delivery to them of hypodermic syringe, needle, or other device, swabs, cloths, or other material, or sample or any medicine, preparation, or substance, whether in liquid or other form, in the possession or control of the exhibitor, fitter, agents or persons acting on behalf of the exhibitor for the purpose of laboratory analysis.
8. An individual who is not necessarily an owner or exhibitor but who commits a violation of the Code of Ethics, will be subject to the same ethics enforcement procedures and possible sanctions as the owner or exhibitors.
9. If a violation has occurred, the exhibitor will be notified and asked to refrain from such behavior. The Ethics Coordinator will inform the Show Superintendent, who can inform the judge of the violation. The judge can also determine if a violation has occurred in the show ring. The judge may consider the violation in the placing of the class. The violation will be reported to the Heart of America Show Management and a letter of reprimand will be issued to the exhibitor.

10. If a serious violation will occur if an animal is shown and that violation is determined before the animal is shown, the Ethics Committee along with the Show Superintendent will determine if a violation would occur if the animal was shown. The exhibitor will then be informed that the showing of that animal will result in a violation of the Show Ring Code of Ethics. If the exhibitor decides to not show that animal, no violation will have occurred.
11. Following the judging of the milking cow classes, the Ethics Committee will ultrasound the udders, prior to milkout, of the first place animals and random others with a maximum of ten head per class.
12. Following the judging of the milking cow classes, milk samples will be taken from a minimum of three cows in the open show - the Grand Champion, the Reserve Grand Champion and Honorable Mention - and one cow in the junior show - the Grand Champion - with the option of randomly testing more at the Ethics Committees' request.
13. Following the judging of the classes and the evaluation of the hair samples/measurements, ultrasound readings and upon the receipt of the milk sample analysis or other lab reports, and report of eye witnesses or Ethics Committee will submit a report to the Show Superintendent of any violations have occurred. This reporting will happen approximately two weeks after the end of the show.
14. The Show Superintendent will then immediately notify the accused individuals that a violation of the Show Ring Code of Ethics has occurred and all of the supporting evidence will be shared confidentially with the exhibitor. Approximately two weeks later, an ethics hearing will be scheduled.
15. The Ethics Committee will then present the evidence while maintaining individual confidentiality at a hearing of the Executive Board. The individual and fitter/s will be invited to defend or explain the allegations and/or have representation at the meeting. The Ethics committee consists of five people, they will serve as the jury to determine if violations have occurred and suggest what punishments are appropriate for this offense. The guilty verdict must be by a 2/3 majority of the committee.
16. The Show Superintendent will then immediately inform guilty individual/s of the actions of the Ethics hearing. The guilty individual will then have ten days to appeal the verdict allowing for error correcting only and not a re-hearing to the Executive Board. After ten days the Executive Board and Ethics Committee will determine the final verdict. The final verdict will be reported to the individual.
17. If found guilty of a violation of the Show Ring Code of Ethics, the individual, the exhibitor, the representative and/or the animal will be barred from participating in Heart of America Expo for a minimum of one year and up to three years. The identity of the animal (s), exhibitors and/or representatives that are barred will be kept confidential.

18. An animal found in violation of the Show Ring Code of Ethics will not receive any premiums from Heart of America Expo.
19. If the individual, the exhibitor, their representatives including fitter/s and/or the animal is guilty of repeating a violation, they could be barred from participating at Heart of America Expo for life.
20. Barring an individual, an exhibitor, their representatives including but not limited to fitter/s will result in animals owned fully or in partnership by that individual, farm and/or affiliated entity not being allowed to enter or exhibit. That individual, the exhibitor, their representatives including but not limited to fitter/s will also be ineligible to be present in the showing, and/or serve any other official capacity for the length of the sentenced term.
  - a. Any individual barred for an ethics violation at any point of time regardless of sentence must be approved by Heart of America Expo Executive Board to being nominated to re.
  - b. Present Heart of America Expo on the Board or Committee or as an official judge.
21. If a serious violation has occurred, the Ethics Committee will report this to the Dairy Show Superintendent who will report the violation to the judge for their action in the placing of the class. In addition, if the judge finds a serious violation, they should also utilize this in their placing of the class.
22. In addition, the Ethics Committee will report the serious violation to the Show Superintendent, who, will determine if a violation has occurred. Violations deemed serious will be issued a letter of severe reprimand, while those deemed are subject to jury enforcement procedures.
23. If a violation has occurred, the exhibitor will be notified and asked to refrain from such behavior. The Ethics Committee will inform the Show Superintendent, who can inform the judge of the violation or the judge can also determine if a violation has occurred in the show ring and use these findings in their placing of the class. The violation will be reported to the Show Superintendent and a letter of reprimand will be issued to the exhibitor.
24. The Official Judge or Ethics Committee can also order a milkout for the entire show or for individual classes or animals. When a milkout is ordered for the entire show all group classes must be milked out. After the animals have been milked out, they will be shown again and the judge may alter the placing accordingly.
25. Any serious violations uncovered during or after the milkout will follow the same procedure as described above.
26. Show management reserves the right to dismiss an individual, an exhibitor, their representatives including but not limited to fitter/s for just cause.

#### **Total Performance Winner** (Entry not required)

This class will recognize a cow on her Total Performance - milk production and show ring placing. Her score will be determined by:

- 1) Placing in her respective class;
- 2) Her highest 305-day, 2x Energy Corrected Milk (ECM) record and;
- 3) The total pounds of ECM produced per day over 24 months of age up through July 1, 2021 (Up-to-date production through July 1, as reported on the monthly DHI report, should be supplied to the exhibitor two weeks prior to show day.)

The requirements a cow must meet to qualify for the Total Performance class are as follows:

- 1) Born before September 1, 2015;
- 2) Completed three lactations by July 1, 2021;
- 3) Possess at least one official DHI record in 305 days, 2x of at least 20,000 pounds of milk or 800 pounds of butterfat or 700 pounds of protein;
- 4) Place in the top 50% of her respective class (top five if less than 10 in class) and;
- 5) Diagnosed pregnant if last calving or embryo collection is more than 12 months prior to the show date.

Official lifetime production records on all qualifying cows must be sent to and received by the National Brown Swiss office at least two weeks prior to show day so that records can be verified and production scores calculated. Records received after that will be accepted only with \$50.00 late fee. The DHI sheet showing credits up through July 1 will be accepted to update lifetime records. It is the owner's responsibility to supply these records, including the July test sheet.

The Total Performance Award is presented at each National Show to the exhibitor whose cow has the highest score based on the above criteria. The winner at each show receives a shawl. The overall winner is named the National Total Performance Winner and receives a trophy at the following Brown Swiss Annual Meeting.

**Breeder Defined**

The owner of the dam at the time of service shall be considered the breeder of the animal. Where a herd is registered in the names of different members of a family, and where the herd is one unit, all entries may be considered as exhibits of one breeder. Please note: To qualify for Bred and Owned Awards, one of the original owners must be listed as one of the current owners. Bred and Owned should also be checked on the entry form. Where a herd is one unit, all entries may be considered as exhibits of one breeder.

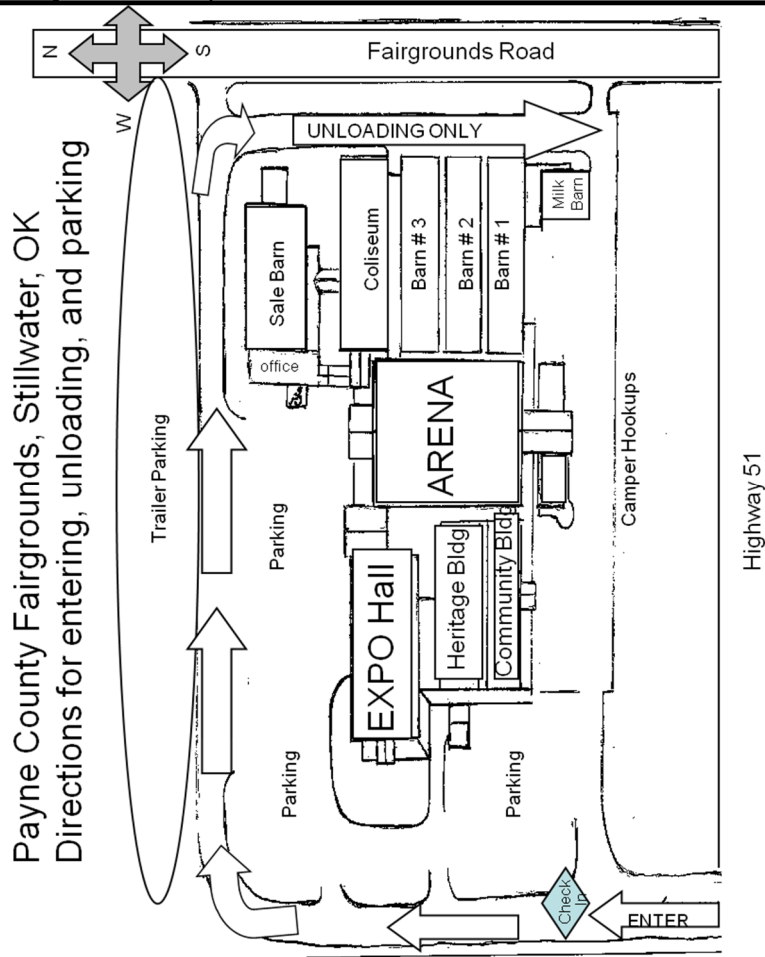

**Exhibitor Defined:**

The exhibitor must be the owner. In case a herd is registered or bred in the names of different members of a family, residing on one farm or breeding establishment, and where the herd is one unit, all entries may be considered as a single exhibitor for all group classes. However, members of one family, where cattle are not housed as one unit, will not be considered as a single exhibitor.
